TMMP12 – Spinal CMT with Concurrent Non-Spinal / Extra-Spinal CMT

Policy

Chiropractic care for Non-Spinal / Extra-Spinal conditions is appropriate. These conditions are identified in Triad's Non-Spinal / Extra-Spinal diagnosis related lists. When care is requested for a Non-Spinal / Extra-Spinal condition concurrent with a Spinal condition, the Non-Spinal / Extra-Spinal condition must be a separate, distinct condition unrelated to the concurrent Spinal condition.
