## **TMMP14 – Redundant Modalities and/or Therapeutic Procedure**

### **Definition(s)**

*Redundant Modalities and/or Therapeutic Procedures* – Two or more modalities and/or therapeutic procedures producing the same or similar physiological effect that are used together and rendered to the same area.

### **Policy**

The use of multiple redundant modalities and/or therapeutic procedures has duplicate effects and has not been shown to produce additional clinical benefit than the use of one alone; therefore, they are not medically necessary.
